DIOCESE OF VIRGINIA OPENS ANNUAL SESSION

Bishop William Cabell Brown Delivers Address to 200 Clerical and Lay Delegates.

MAY REVISE BOOK OF PRAYER

Which Opened Wednesday in Winelester Church.

[Special to The Times-Dispatch.]

WINCHESTEIL VA. May 21.—The
one hundred and twenty-fifth annual
session of the council of the Protestant
Episcopal Diocese of Virginia convened
this morning for a three-day session
in Christ Church here, with the Right
Rev. William Caben Brown, bishop of
the diocese, presiding. Bishop Brown,
who was formerly hishop-cadjutor,
attomatically succeeded Bishop Robert
kinson Gibson upon the latter's
tath in Richmond last February, and
this is the first council over which
bishop Brown has presided since his
succession.

cath in Richmond last reduces, which his is the first council over which bishop Brown has presided since his succession.

The Holy Communion was celebrated at 10 o'clock this morning, followed by the annual address of the bishop, in which he referred to the state of the church and made numerous recommendations. About 200 clerical and lay delegates are present from the various parishes in the diocese.

Among the important matters to be acted upon will be the election of four clerical and four lay delegates to the general convention, which meets in Detroit, Mich., next October. The pending changes proposed by the committee on revising the Book of Common Prayer will come before the council for its decision, so as to be reported under the constitution of the Episcopal Synod of the province of Washington, in which the Virginia diocese is situated. More legislative authority will also be voted upon.

The nation-wide campaign of the church for the extension of its activities at home and abroad will be presented by the Rev. W. W. Milton, D. D. of Wilmington, N. C., and a committee will probably be appointed to organize the diocese. Already much has been done to start off the campaign in a way that will insure its success. Each dioceson convention that has been held thus far has been unanimous in agreeing to back the campaign to the limit of their resources.

The program of the campaign is to bring the spiritual power of the church to bear upon the church's whole task; to obtain and train an adequate number of recruits for Christian leadership, both clerical and lay; to care, on a yearly basis for three years, for the financial needs of all the general agencies of the church, and in connection with the proper authorities to care for the financial needs of all the general agencies of the church, and in connection with the proper authorities to care for the financial needs of all the general agencies of the church, and in connection with the proper authorities to care for the financial needs of all the general agencies of

The General Assembly of the Presbyterian Church. A quotation from the President's message, stating "the object of all reform in this essential matter must be the genuine democratization of industry, based upon a full recognition of the rights of those who work, in whatsoever rank, to participate in some organic way in every decision which directly affects their welfare or the part they are to play in industry," was included in the resolution.

After heated debate whether the as-sembly should indorse the inter-church world movement, which plans the all-ance of all Presbyterians, the matter was turned over to the executive com-mission, with full power to act within the coming year.
